

Sprint 4 Plan

Product Name: Toss Time
Team Name: Sinked Inc.
Completion Date: Nov 30th, 2021

Goal:

To refine, and combine, multiple aspects of the project into a fully functional prototype in-line with the Minimum Viable Product.

Task Listing

“As a player I want a clean and smooth app experience when I login and logout of the Toss Time app”
(10 points)

- ☐ Task A1 : Keyboard needs to go away when done typing (2 points)
- ☐ Task A2 : Button animations with changing states (2 points)
- ☐ Task A3 : Background is set to dark mode or light mode (2 points)
- ☐ Task A4 : Logout functionality (2 points)
- ☐ Task A5 : I can delete the photo of my table (2 points)

“As a table owner, I want to be able to remove my table listing”
(3 points)

- ☐ Task B1 : Add a delete function to the Table form (3 points)

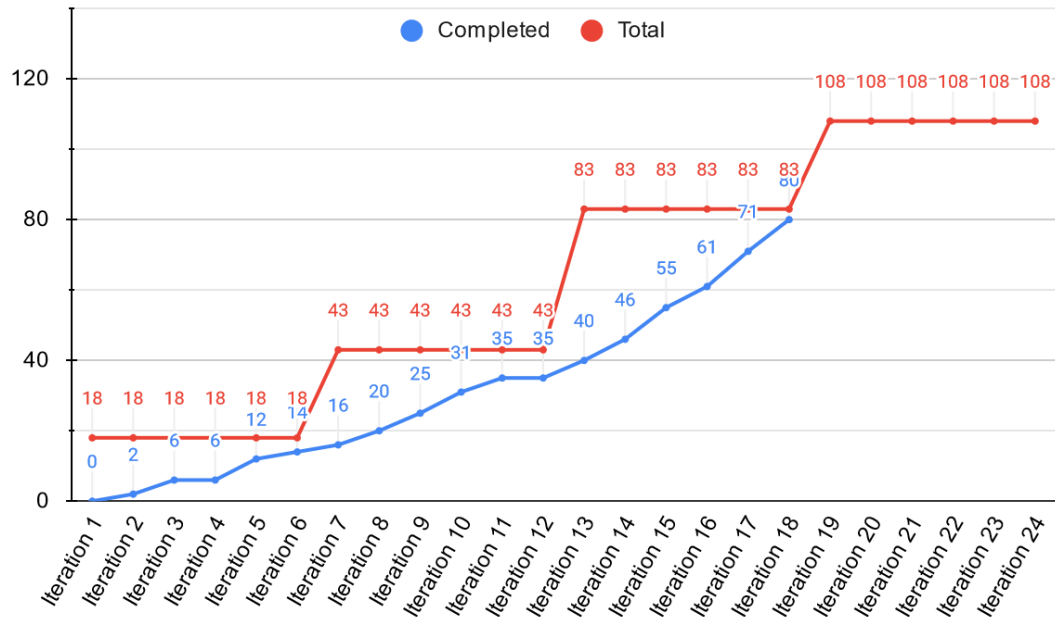

“As a team member, I want there to be a clean and standardized code base”
(12 points)

- ☐ Task C1 : There is a standard styling guide (6 points)
- ☐ Task C2 : Full documentation of important code (6 points)
